Seyedamirhossein HESAMIAN

Dear Mr. Hesamian:

I would like to take this opportunity to welcome you as a graduate student to the College of Engineering and Applied Science, to point out conditions of your admission and provide specifics of your status.

**Program/Area Admitted to:** MS – Computer Science Department  
**Standing:** Good  
**Deficiency course:** None  
**Term:** Fall 2015  
**Additional comments:** Admission does not automatically include funding (contact the admitting department or initial advisor for additional information).

The student in conjunction with their faculty advisor must develop a college program leading to a degree. To enable you to get started in your program planning, your *initial* faculty advisor is:

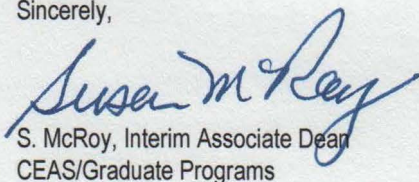

**Professor T. Zhao, Office: EMS 1145 – Phone: (414) 229-5682 or Email: [tzhao@uwm.edu](mailto:tzhao@uwm.edu)**

Your initial advisor should be able to answer any questions you may have about courses and areas of specialization. You are expected to select a permanent major professor, who will serve as your regular advisor, sometime during your first semester of attendance. Normally, the major professor will also be the supervisor of your thesis. Please utilize the assistance of your initial advisor in seeking out a permanent advisor *should* you decide to make that change.

***For enrollment management and class scheduling purposes, a written Program of Study, developed in consultation with your major professor, is required to be submitted to this office during your first year of study. Program of Study forms and other graduate student information are available in the Graduate Programs Office, located in EMS E379. If you have any further questions, please contact this office at [schro255@uwm.edu](mailto:schro255@uwm.edu).***

Best wishes with your graduate studies.

Sincerely,

S. McRoy, Interim Associate Dean  
CEAS/Graduate Programs

c: Professor T. Zhao, Advisor  
Professor E. Munson, Department Chair
